From the University Librarian

1. **From HR:**

   The University’s PDP process is very important – it ensures performance objectives and expectations consistent with strategic plan.

2. **From the University Librarian:**

   The challenges of discovery. A very good discussion on the PhB including presentations by two ARL committee have brought a good range of papers together in this Library Assessment Conference 2014 Proceedings. A very useful report from Ithaka this report New from Ithaka this report that the future of the library.

3. **From Jisc, UK:**

   The government is seeking a new approach to collections has been challenged by the exchange rate and other models including the work happening in the Netherlands.

4. **From ANU Press & open access:**

   The Australian National University, Canberra | CRICOS Provider : 00120C | ABN : 52 234 063 906

   The project he led on this topic for HEFCE. The launch of the RDGD database that powers DOAI is small-time compactness and convergence behavior of...
