

Chifley Level 1 opens next Monday, just a few last minute matters to be resolved. Thank you to everyone for your patience and contribution and patience.

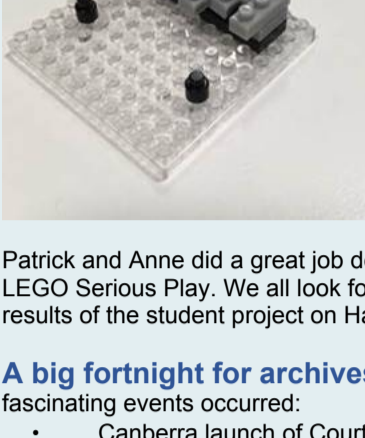

SIS News

Staff meeting

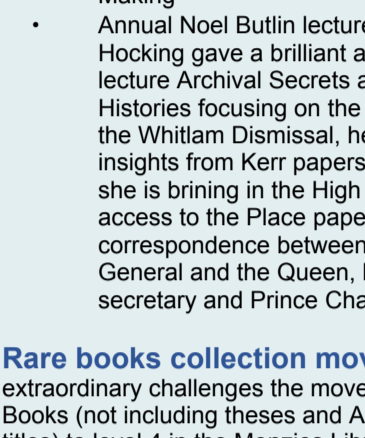

Wednesday 23 October 2019 McDonald Room Menzies Library Come and meet the new Chief Operating Officer and enjoy morning tea and discussions with your colleagues. There will be a report on Data and text Mining as well as regular reports."

SIS SYMPOSIUM! Congratulations to Samantha, her team and all the presenters and contributors to the Symposium. It was a great success. Thanks to Rachel for providing the results of "build your happy place - in 2 minutes"

Patrick Byrnes: "A Flux Capacitor, which as I'm sure everyone knows, allows people to time travel, so they can go to any library, at any time or place in history. And, mine actually works! But you probably took it apart, so I can't really demonstrate it!"

Anne Newton: "I was attempting to build the double decker sofa as a tribute to the Lego movie, but also replicating the setting for the porch swing we have in our front yard. There was also going to be a garden, but judging from how it went I would have needed Patrick's time machine to be able to build that before I died of old age."

Patrick and Anne did a great job demonstrating LEGO Serious Play. We all look forward to results of the student project on Hancock level 1.

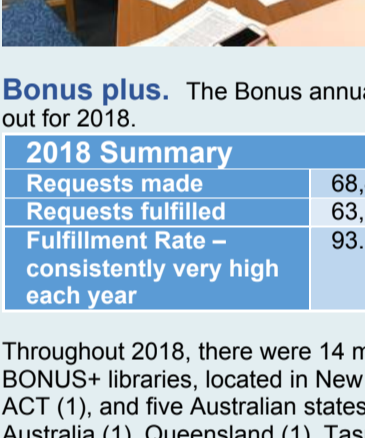

A big fortnight for archives. Three fascinating events occurred:

- Canberra launch of Court as archive ANU Press book
- Digging Where We Stand: Social Movement Activists and the "Inevitably Political Craft" of Archiving and History-Making
- Annual Noel Butlin lecture - Prof Jenny Hocking gave a brilliant and powerful lecture Archival Secrets and Hidden Histories focusing on the papers around the Whittam Dismissal, her analysis, insights from Kerr papers and case that she is brining in the High Court for access to the Place papers - correspondence between the Governor General and the Queen, her official secretary and Prince Charles.

Rare books collection moves. Despite extraordinary challenges the move of Rare Books (not including theses and ANU Press titles) to level 4 in the Menzies Library has commenced. This will significantly improve the environmental conditions and reduces the flooding risk. Challenges have included:

- The Menzies Lift has been frequently out of Order
- Relocation - approximately 65% of the collection has been relocated - the remaining materials will take approximately three full working days - assuming a fully functioning lift.
- Allied Pickford's will be unable to attend until Monday 16 September at the earliest. This is due to now insufficient lead time to have staff in place this week.
- Shelving on walls has been braced - however an additional bracket was required
- Additional shelving had to be found
- Removal of white boards was required 2
- Consideration of fire door and light exposure for this un-doored entry way was required
- Replacing of ceiling tiles where gaps are and tiles with noticeable water damage was required

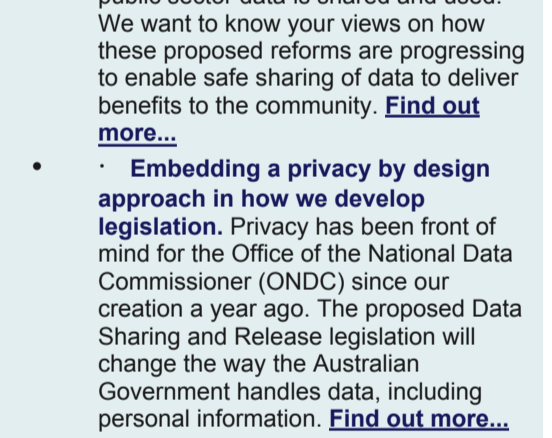

Well done to everyone who is helping, ably let by Tom and Diane. Fingers crossed that the book move completes next week

Cleaning the shelves

Ms Leah Kalamorah. Our deepest condolences to the family of Leah Kalamorah, who was University Librarian at UPNG. She was a great role model and strong advocate in PNG and the region. Menzies Library staff very much enjoyed conversations with her when she visited in mid 2018.

Archives hosts visit from AIATSIS. Sarah reports "Last week we hosted AIATSIS staff and some of their visitors who were part of their Paper and Talk workshop. The visitors were members of the Ngunawal and Yorta Yorta people who spent a productive afternoon looking at the Indigenous language material in the Marie Reay papers."

Bonus plus. The Bonus annual report is now out for 2018.

Table with 2 columns: 2018 Summary, Requests made (68,423), Requests fulfilled (63,759), Fulfillment Rate (93.18%)

Throughout 2018, there were 14 members of BONUS+ libraries, located in New Zealand (2), ACT (1), and five Australian states: Western Australia (1), Queensland (1), Tasmania (1), New South Wales (4), and Victoria (4). In late 2018, University of Sydney Library left BONUS+, as it was migrating to ProQuests ALMA, which has not yet developed its APIs to connect to BONUS+. Victoria University Library also left December 2018 - February 2019, due to budgetary reasons.

- CAUL. CQUniversity - Shaune Sinclair has moved to a new leadership position and Anita Brown will be the CQUniversity CAUL representative
- At QUT Kim Lewin, Associate Director - Library, has been appointed to the interim UL position for approximately 6 months
- congratulations to Dr Alex Byrne - awarded Chevalier de l'Ordre des Artes et des Lettres, a prestigious French cultural honour in recognition of his international work to advance libraries.

From the Office of the National Data Commissioner

- Discussion Paper released for public comment. The Discussion Paper is the next step towards reforming the way public sector data is shared and used. We want to know your views on how these proposed reforms are progressing to enable safe sharing of data to deliver benefits to the community. Find out more...
- Embedding a privacy by design approach in how we develop legislation. Privacy has been front of mind for the Office of the National Data Commissioner (ONDC) since our creation a year ago. The proposed Data Sharing and Release legislation will change the way the Australian Government handles data, including personal information. Find out more...

Copyright. IP Australia Indigenous Knowledge Consultation Report released: Protection of Indigenous Knowledge in the Intellectual Property System. The report summarises responses to the proposed initiatives outlined in the Consultation paper across the consultation roundtables, survey responses and written submissions. The Government's response to the House of Representatives inquiry into the growing presence of Inauthentic Aboriginal and Torres Strait Islander 'style' art and crafts will also inform the future policy work and development of the proposals in IP Australia's report. ADA made a joint submission with the Australian Libraries Copyright Committee (ALCC) to the consultation supporting more effective recognition and protection of Indigenous Cultural Intellectual Property (ICIP) and expressing concern that their current and other areas of IP in their copyright form are not appropriate to protect ICIP.

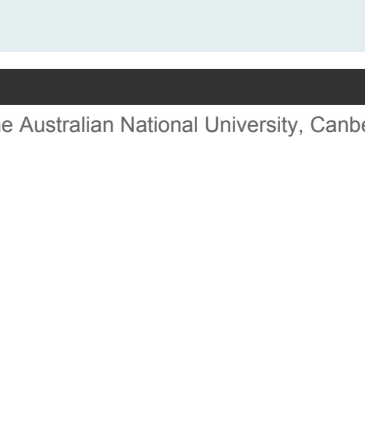

Digitisation .The September digitisation newsletter is online now. Great work everyone.

Visitors from Universidad Nacional Autonoma de Mexico. Earlier this month we had visitors from the Mexican Embassy and the Universidad Nacional Autonoma de Mexico (UNAM). They enjoyed visiting with Chifley Library staff and the various Spanish and Latin American parts of the collection. Collections and collaboration were discussed.

L-R: Eduardo Peña Haller (Mexican Ambassador), Pablo Mendoza Ruiz (UNAM), Noel Campbell (Associate Director, Australian National Centre for Latin American Studies; and former Australian Ambassador to Mexico), Dr. Guillermo Pulido Gonzalez (Director, Mexican Studies Centre, ANU), A/Prof Vladimir Canudas Romo (UNAM School of Demography), Rebecca Barber, Ana Maria Manzano, Alejandro Alcalde Mendez (Embassy of Mexico in Australia).

October is Breast Cancer Awareness Month and this year ANU Library will be holding an event to raise money to aid them with their research into this disease.

ANU Press and Open Access Publishing.

DOIs. 93% of all ANU Press titles now have DOIs. Fabulous achievement Only 2003 and 2004 remain to be completed.

Student publishing. Two great events this week were well attended - Anton van Rensburg is the Editor for the Adis Journal Clinical Pharmacokinetics gave terrific insights into health and medicine publishing. 'Risks and tips for publishing in the new era' - Science publishing at ANU included a keynote presentation by Professor David Tscharke from the ANU College of Health and Medicine and panel discussion, moderated by Dr Estee Tee from the ANU College of Science. Panel members included Dr Robert Mun (Australian Research Council); Dr Stephanie Goodhew (ANU College of Health and Medicine); Dr Melanie Carmody (ANU College of Science) and Heather Jenks, Associate Director Libraries.

College & Research Libraries. September 2019 issue of College & Research Libraries is now freely available online. Articles include:
- Kyong Eun Oh and Mónica Colón-Aguirre. "A Comparative Study of Perceptions and Use of Google Scholar and Academic Library Discovery Systems."

RUSA. Now online, articles include:
- Information Literacy and Instruction: Embracing Informational and Archival Literacies: Challenges and Successes by Rebecca Hankins

Cost per Use Overvalues Journal Subscriptions. Curtis Kendrick, Dean of Libraries at Binghamton University, raises questions about whether cost-per-use is the appropriate metric for measuring the comparative value of library subscriptions. He posits that we can differentiate quality use from low quality use - not using citations but some unclear basis for discrimination. >> read more
