## By Zoom **GUEST SPEAKER: Prof Grady**

Venville, Deputy Vice Chancellor, **Academic** COVID 19

Kambri Return to Campus Workstream. A new activity has been created around the Kambri precinct including the JB Chifley Library. Professor Grady Venville, Deputy

### group overseeing the activity. I am on the group together with Lachlan Day, Ariel Edge, Utsav

Areas of consideration and action include Embed an on-going site governance structure, Consolidation of all current COVID-19 processes into an agreed set of COVID-19 safe working practices for implementation, Identification of current and future WHS challenges and development of an alternate program options for the delivery of student services that support positive staff and student experience in the new Covid-safe environment Library purchasing to support online teaching in the time of COVID-19. You may be interested to know that the funds spend on additional online resources to support education during the remote study period was \$112,654.14. I am grateful to the university for funding this activity.

The terrific Manual handling course material that the WEG Group developed for the division is now on the Intranet presentation (PPT, 8.8MB) and excercise sheet (PDF, 156KB) The Division Work Health & Safety <u>Intranet page</u> also includes links to: o Fire warden teams First aid officers

o Occupational Strain Liaison Officers

Assessment has been added to the webpage - for ANU Insight.

Great news for the National Library – Trove funding. Minister Fletcher has announced that "The Morrison Government will provide an additional \$8 million for the National Library of Australia over the next two years to support the ongoing development of Australia's digital heritage portal, Trove." Wonderful policy development. Congratulations to the National Library, Minister Fletcher and the government.

and then fielded at five institutions in May and June, the survey was designed to help higher education institutions gain insight on the experiences of their faculty in light of the COVID-19 pandemic. While the survey covered virtual instruction practices, institutional communications, and general challenges around shifting to remote work, several questions focused particularly on faculty as researchers and the challenges that they are facing in accessing and producing scholarship. We share this initial review of findings to help shed some light on faculty experiences with conducting research during the COVID-19 pandemic. The findings also raise further questions about what these practices will look like in a post-pandemic future". .>> read more
