## ANU COVID-19

Thanks to Sheren for more information about the University's requirements relating to COVID-19. Only one area needs to do a COVID inspection each month on a rotating basis. This month's inspection did not identify any issues. If you see supplies are running low of hand sanitiser or masks do let the relevant people know in your building.

[Please continue to read all messages from the University about COVID-19.](#) All updates will be communicated to staff and students via the weekly On Campus email newsletter. Visit the ANU newsroom webpage for all previous [staff](#) and [student](#) editions.

Do watch [ANU news](#) for announcements about University policy and practice.

## WHS

Thanks to Margaret and SIS Communications for updating the information on the Intranet while work continues on the formation of a newest of pages.

The following have been updated:

## ANU Press and open access

### Reviewing the Data on Knowledge Creation: Access, Governance and Equity

The webinar from OASPA (Open Access Scholarly Publishing Association) focused on the data that exists about scholarly communication, including anything that enables us to expose and analyse the processes, connections and entities involved in all aspects of research communication.

Issues of inequity were discussed as were the challenges in sourcing data that is truly representative of global knowledge creation. Chairs, Iryna Kuchma and Catriona MacCallum and panelists Lucy Montgomery, Ludo Waltman and Caleb Kibet provide much food for thought. The recording is now available along with presenter slides on the [webinar post](#).

### On Making in the Digital Humanities

UCL Press has announced the publication of a new open access book of interest: [On Making in the Digital Humanities: The scholarship of digital humanities development in honour of John Bradley](#), edited by Julianne Nyhan, Geoffrey Rockwell, Stéfan Sinclair, and Alexandra Ortolja-Baird. It fills a gap in our understanding of digital humanities projects and craft by exploring the processes of making OA and the products that arise from it. The volume honours the work of John Bradley, as it is totemic of a practice of making that is deeply informed

## Open Day

Open Day was a beautiful sunny day with a great number of potential students and their supporters coming through the campus. Thanks so much to the SIS staff who provided excellent advice to our visitors. The applications hub in the Chifley flex lab helped draw a great number of people who asked questions about the Library and our services overall. The display in the Chifley Library was a great conversation starter.

by critical perspectives. A special chapter also honours the contributions that this volume's co-editor, Stéfan Sinclair, made to the creative, applied and intellectual praxis of making and the digital humanities.

### Sustainability in publishing paper

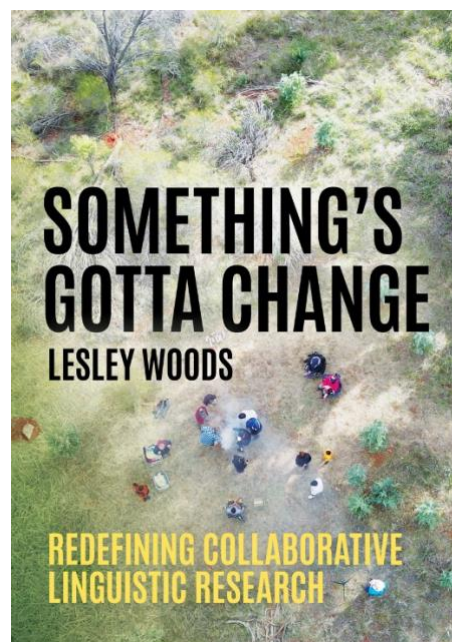

[BookPeople have released a Sustainability Paper](#), which explores environmental sustainability in the book industry and outlines practical advice for booksellers to reduce their carbon emissions. The report by Angela Meyer, is directed at Australian booksellers as well as publishers, industry bodies, policymakers, and anyone interested in the impact of books on the environment and possible solutions.

### TOME sheds light on sustainable open access book publishing

This blogpost by Peter Potter comments on the [TOME \(Toward an Open Monograph Ecosystem\)](#) project. TOME was launched in 2017 as a five-year pilot project of the Association of American Universities (AAU), Association of Research Libraries (ARL), and Association of University Presses (AUPresses).

It explored a new model for sustainable monograph publishing, where participating universities commit to providing baseline grants of \$15,000 to support the publication of monographs by their faculty, while participating university presses commit to producing digital open access editions of TOME volumes, openly licensing them under Creative Commons licenses, and depositing the files in selected open repositories.

### New titles

Open Day launched the start of Alumni Week for 2023. We hosted two events – a rare book viewing in the Menzies Library and a tour of the ANU Archives tunnels. We have heard great things from participants and the Alumni Week team.

It is a great opportunity to showcase some of the treasures in our collections and engage with the ANU community. Thank you to the staff who organised these events – including hosts Kathryn, Sarah, Jacky, Fran and Frieda. Big thank you from me to all involved.

## ANU 75<sup>th</sup> anniversary

Advancement have advised that there are some great stories that mention libraries created as part of this campaign. The 75 features project had two that mentioned the College of Law, more specifically the Law Library. The stories are:

He lodged the modification to the scheme in legislation now before Parliament. Read more [here](#).

## Chifley Library Hail repair updates

Fantastic progress on the Chifley roof thanks to the excellent work of Construction Control folks and good weather. The copper mansard roof install is going well, with the majority of the building now watertight. Internal works on the ceiling has commenced. You can see the weekly progress reports [here](#). Meetings have commenced on the Law Library roof and the investigation for the Menzies roof has been detailed and successful.

The new copper is being installed and is glowing. It will develop a beautiful patina over the years to come.
